

Information for researchers who live abroad

Finding talent: researchers

Career-Grants

We support your relocation to Austria as a location for research

The Federal Ministry of Transport, Innovation and Technology (BMVIT) supports individual researchers who would like to work in Austria. Career Grants assist researchers from abroad in starting and/or continuing their career in Austria.

What does funding include?

- The **journey to Austria** for job interviews in the field of research, development and innovation (Interview Grant)
- **Relocation costs** when taking up a post in the field of research, development and innovation (Relocation Grant).
- The **professional integration** of the partner (Dual Career Grant).

Who may be funded?

Applications can be submitted by individual researchers who live abroad and are interested in a career or continue their career in the research location Austria (resp. partners who relocate along).

What are the most important criteria?

- Funding applicants must have an academic degree. Proof of at least a master's degree is required.
- The post must directly relate to research, development and innovation.
- The post must at least be filled for 12 months.
- Place of employment in Austria.

Career Grants Submission

Funding applications must be submitted in any case before departing for Austria to an Interview (Interview Grant) or before the researcher relocates and starts work (Relocation Grant and Dual Career Grant).

What is the procedure for the funding?

Funding applications can be submitted at any time by email.

All documents and information relevant to the submission are available from the FFG website: www.ffg.at/career-grants

What is the scope of the funding?

Career Grant	Scope of funding
Interview Grant	80% of travel costs
Relocation Grant	max. € 2.000,-
Dual Career Grant	max. € 2.000,-

Job listings of research, development and innovation vacancies
