This online training will support you in the process of writing a competitive proposal for the programme Marie Skłodowska-Curie in Horizon Europe. Particular focus of the training is the next call for Doctoral Networks (DN), with indicative opening in June 2021.

**Unfortunately, this course is already fully booked.**

The training consists of live, interactive webinars complemented by short e-learning inputs before and after the training. We will focus on the structure of a proposal for an MSCA Doctoral Network, cross-cutting issues and the evaluation process.

## Time & date of the webinars

29 June 2021 1:00 pm - 4:00 pm CET

30 June 2021 1:00 pm - 4:00 pm CET

**Site:** ONLINE, via Zoom, you will receive the Zoom link after your registration

The training is specifically designed for researchers planning to coordinate a Doctoral Network in the next call with indicative opening in June 2021. Project partners or non-applicants (research support units or similar) are welcome to participate as well, provided there are still places available.

Participation is free of charge. The training will be held in English.

## Please note

The number of participants for this training is limited as we want to ensure interactivity and enough time for discussions. The technical registration does not alone qualify for a participation, and we reserve the right to decline registrations that do not fit the target group.
