

# OLD EN: About the FFG

The Austrian Research Promotion Agency (FFG) is the national funding agency for industrial research and development in Austria. As a "one-stop shop" offering a diversified and targeted programme portfolio, the FFG gives Austrian businesses and research facilities quick and uncomplicated access to research funding.

The FFG was founded on 1 September 2004 (pursuant to the FFG Act on establishing a research promotion agency, Federal Law Gazette I No. 73/2004). The FFG is wholly owned by the Republic of Austria, represented by the [Federal Ministry for Transport, Innovation and Technology \(bmvit\)](http://www.bmvit.gv.at/) (<http://www.bmvit.gv.at/>) and the [Federal Ministry for Digital and Economic Affairs \(BMDW\)](http://www.en.bmdw.gv.at) (<http://www.en.bmdw.gv.at>). As a provider of funding services, however, the FFG also works for other national and international institutions.
