[Info](#) [Details](#) [Kontakt](#)

With "ERC Proposal Reading Days" FFG would like to offer potential ERC applicants the opportunity to read successful ERC grant applications well in advance before the respective call deadline. The next ERC Starting Grant deadline is expected for autumn 2019.

The workshop is currently fully booked!

If you would like to be on a waiting list, please contact our assistant gudrun.reisenauer@ffg.at (gudrun.reisenauer@ffg.at)!

Further dates for Proposal Reading days will be announced soon!

Due to the kind consent of ERC grantees, FFG can offer several sample proposals for the Starting and Consolidator Grant calls as reading material within FFG premises. The proposals currently cover the following ERC evaluation panels:

- **Physical Sciences and Engineering:** PE2, PE3, PE4, PE6, PE8, PE10
- **Life Sciences:** LS1, LS2, LS6, LS7, LS8, LS9
- **Social Sciences and Humanities:** SH2, SH3, SH4, SH5, SH6

The detailed ERC panel structure is included in the ["Information for Applicants"](http://ec.europa.eu/research/participants/data/ref/h2020/other/guides_for_applicants/h2020-guide19-erc-stg-cog_en.pdf) (http://ec.europa.eu/research/participants/data/ref/h2020/other/guides_for_applicants/h2020-guide19-erc-stg-cog_en.pdf).

Even if "your" presumable evaluation panel should not yet be represented in the list above, it can be helpful to have a look at applications from different scientific areas to prepare for your own proposal.

Details
