

Info Day Vienna

Thursday, 23 January 2014

The **Austrian Federal Ministry for Transport, Innovation and Technology** BMVIT and the **Austrian Research Promotion Agency** (FFG) together with the **Clean Sky Joint Undertaking** are organizing an Info Day and Brokerage Event. They will introduce the proposed *Clean Sky 2* Programme resulting from a cooperation between the 16 *Clean Sky 2* Candidate Leaders and the *Clean Sky* Joint Undertaking (CSJU). This event is the opportunity for potential participants to express their interest and interact with the Candidate Leaders of *Clean Sky 2*.

Where: "Wolke 19" Ares Tower, Donau City Strasse 11, 1220 Vienna

When: Thursday, 23 January 2014

The event will feature representatives from the Austrian Ministry for Transport, Innovation and Technology, the *Clean Sky* Joint Undertaking and the Aerospace Industry, as well as numerous opportunities to network with industrial and academic researchers engaging with the *Clean Sky 2* Programme.

Reasons to attend:

- Participants will gain basic information about the proposed *Clean Sky 2* Programme and Horizon 2020;
- Participants will get specific information on IADP Fast Rotorcraft, ITD Engines and Small Air Transport Transverse Activity;
- Possibility to raise specific questions;
- Opportunity to attend B2B meetings with *Clean Sky 2* representatives (especially for parties interested in applying for Core-Partner roles);
- Wide networking opportunities

[Please register here!](#)

We invite interested parties to fill in a **Core-Partner template** available here:

http://www.cleansky.eu/sites/default/files/documents/cs2/cpt_final.docx

If you wish to have a **B2B meeting** organized with a Leader in the afternoon, you should specify it in your registration form which ITD/IADP Representatives you wish to meet.
