# CONFERENCE: INDUSTRIAL TECHNOLOGIES 2018 INNOVATIVE INDUSTRIES FOR SMART GROWTH

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 767162.

# welcome

The organisation team of the European conference “INDustrial TECHnologies 2018 – Innovative industries for smart growth” (INDTECH2018) welcomes you to Vienna from 30–31 October, 2018.

INDTECH2018, an event of the Austrian Presidency of the Council of the European Union and the Directorate-General for Research and Innovation of the European Commission, will combine keynote presentations, talks, a match-making event and exhibitions. It provides an excellent opportunity to meet experts from industry, academia and policy to exchange information and to strengthen collaboration.

INDTECH2018 is anticipating 1000 participants from more than 40 countries in Europe and across the globe.\*

# programme

## Presentations

Presenting new industrial applications for applied research on Nanotechnologies, Advanced Materials, Biotechnology and Advanced Manufacturing and Processing.

## Networking

Networking for industry, especially SMEs, and research.

## Interactive sessions

Such as fish-bowls and world cafés suit perfectly to express your opinion.

## Matchmaking

Finding R&D&I partners for the upcoming calls 2019 and 2020 in Horizon 2020 NMBP (Nanotechnologies, Advanced Materials, Biotechnology and Advanced Manufacturing and Processing).

Meet our speakers in bilateral meetings.

Meet potential collaboration partners to discuss ideas, and the services/technologies/products you are offering, or solutions you are interested in.

Experts H2020 ONLINE MANUAL

Join the database of independent experts for European research and innovation.

The European Commission appoints independent experts to assist with research and innovation assignments including the evaluation of proposals, monitoring of projects, and evaluation of programmes, and design of policy.

New experts

Who can be an expert?

You have a chance of being selected as an expert if you:

- have high-level of expertise in the relevant fields of research and innovation (see call for details on types of expertise).
- can be available for occasional, short-term assignments

REGISTER AS EXPERT

What do expert assignments involve?

Experts, as peer reviewers, assist in the:

- evaluation of proposals
- monitoring of actions

In addition, experts assist in the :

- preparation, implementation or evaluation of programmes and design of policies. This includes the Horizon 2020 Advisory Groups.

Assignments mainly concern research and innovation, falling within the Horizon 2020 programme designed to address the challenges Europe is facing through funding excellent science, technology and innovation.

Take a look at the most recently funded projects.
