

# FIT-IT '08 – Growing Branches

FIT-IT and new FIT-IT Initiatives 2008

Georg Niklfeld  
Österreichische Forschungsförderungsgesellschaft FFG

FIT-IT '08 – Spring Research  
8 May 2008, Vienna

A cooperation of

- Austrian R&D funding system and FIT-IT
- ModSim
- ARTEMIS & ENIAC
- benefit + AAL
- AT:net
- Service-IT

Basic research funding by FWF, universities

>3 years  
to market

Thematic  
Programmes  
15 million euro  
2008: 35 million

Competence  
Centers  
12 million euro

EC FP6  
25 million euro

<3 years  
to market

Basic Programmes  
53 million euro

Services by other institutions like AWS, WKO

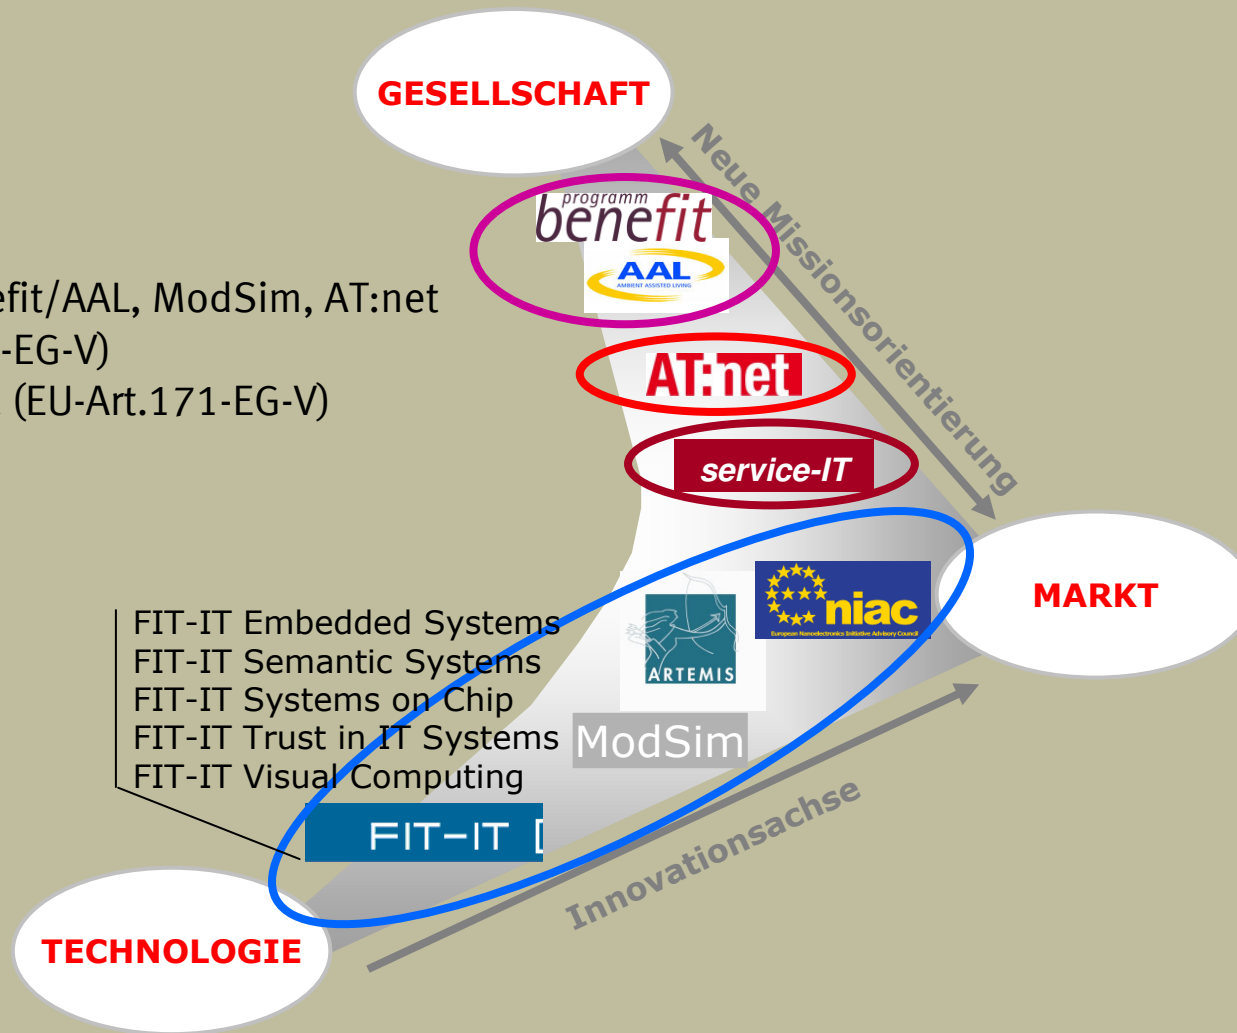

Programmträger

BMVIT: FIT-IT, benefit/AAL, ModSim, AT:net  
 AAL (EU-Art.169-EG-V)  
 ARTEMIS, ENIAC (EU-Art.171-EG-V)

BMWA: Service-IT

- FIT-IT Embedded Systems
- FIT-IT Semantic Systems
- FIT-IT Systems on Chip
- FIT-IT Trust in IT Systems
- FIT-IT Visual Computing

FIT-IT [

## FIT-IT [

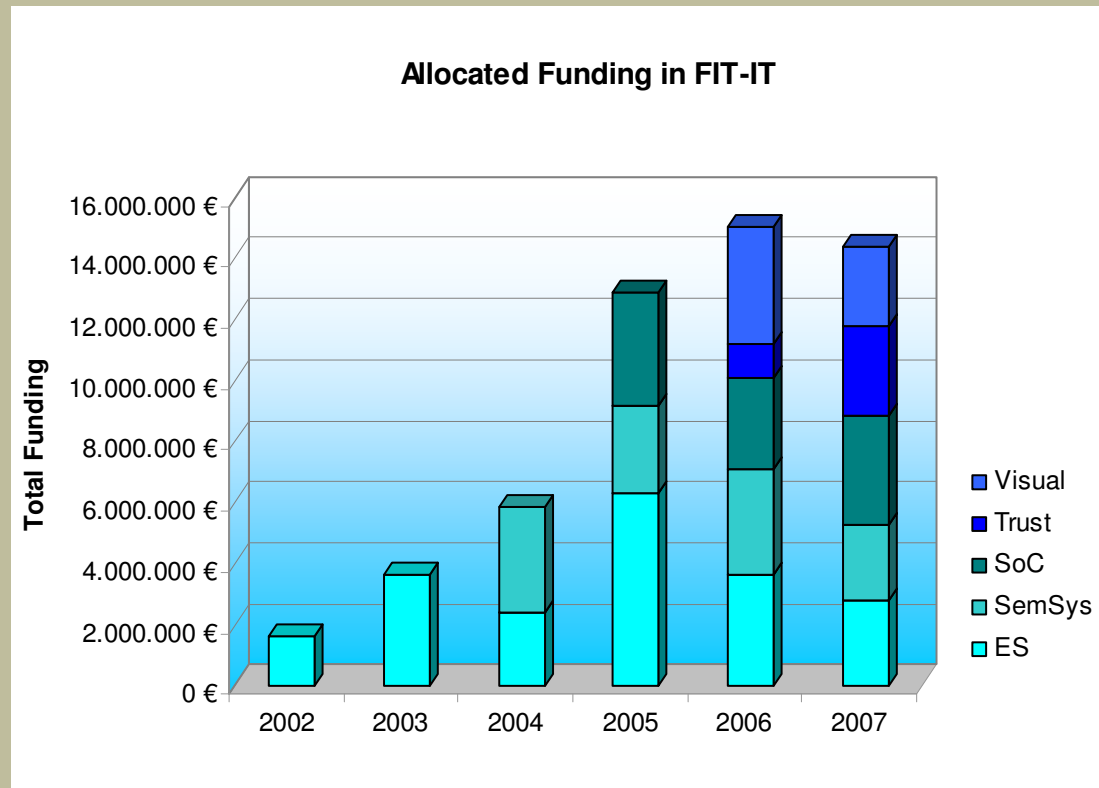

Create radically new IT  
(research prototype)

Strengthen the  
competitiveness of  
Austrian research and industry

Train qualified researchers

Improve international visibility

Embedded Systems (7 Calls)  
Semantic Systems (4)  
Systems on Chip (3)  
Visual Computing (2)  
Trust in IT Systems (2)
